Mountain View, Calif. — July 28, 2026

Yavqo Corporation (NYSE: YVQ) today announced financial results for the second quarter ended June 30, 2026. Revenue was $81.6 billion, up 13% compared with the same period last year.

"Our third quarter results reflect the durability of the two engines that now define Yavqo — payments and cloud," said Amara Voss, Chief Executive Officer of Yavqo. "Revenue of $81.6 billion grew 13%, Yavqo Cloud accelerated again, and we returned capital to shareholders while investing in the infrastructure our customers will depend on for the next decade."

"Operating margin expanded to 31.8%, and operating cash flow was $32.6 billion," said Daniel Reyes, Chief Financial Officer. "We are prioritizing disciplined investment in cloud capacity and in the payments network, where returns remain strongest."

During the quarter Yavqo repurchased $18.8 billion of its Class A common stock and paid $2.7 billion in dividends. Cash, cash equivalents and marketable securities totaled $224.4 billion at June 30, 2026.

For the third quarter quarter of 2026, Yavqo expects revenue of $83.8 billion to $84.6 billion, operating margin of approximately 32%, and capital expenditures of $9 billion to $10 billion. The outlook reflects continued cloud capacity additions and normal seasonality in payments volume.
